**For a Collegial Discussion with  
Networking Opportunities  
On the topic:**

## ***Beyond Traditional Assessments: Distinguishing Excellence in Our Schools***

**Marty Brooks, Ed.D. will present on the “Tri-State Rubric”  
Joan Ripley, Ed.D. will present on the “Schools of Opportunity”**

We will be discussing methods to highlight student learning and student growth without the measures used in the recent past. Typical measurements do not garner the importance they once did and as a result are diminishing culturally. How will schools demonstrate that excellence and merit do exist now and in the future? What methods and measurements do we now value to assess our schools? Join us to participate in this thought provoking discussion.
